

# COOLER ORION®

PORTABLE THERMOELECTRIC

**CF-400BR**

- Can be transported on wheels
- Gross capacity: 40L
- Cooling: Max. 12-16°C under ambient temperature
- Can be used in a car. Power supply: 12V
- Household use. Power supply 220V/12V via adapter
- Nominal power supply: 12V
- Power consumption: cooling - 46W
- Nominal power: 72W
- Nominal current: 6A
- Electric class protection: II
- Moisture protection: IPX0
- Color: blue and red
- Unit dimensions: 525x350x435mm
- Package dimensions: 460x430x220mm
- Net/Gross weight: 4,2 / 4,6kg
- Package volume: 0,0480m<sup>3</sup>
